Scheduling Conflicts: (BB/Musical/Vacation/etc) _____

PLEASE NOTE THE VARSITY SEASON MAY GO THRU JUNE 7th , (initial here _____)

Athletics must be “fun” for you to have passion. What is your definition of “FUN”?

How would you describe yourself to someone that has never met you:

What should your teammates expect from you

Your level of investment in & aspirations for the team and expectations for yourself. (please be honest):

How will you meet those goals

Mariner Softball Pledge-2025

For Players:

I understand that as a member of Mariner Softball I have certain team responsibilities and expectations to uphold over and above my physical skills. It is important to understand that we all depend on each other and will only reach our maximum capability if everyone feels that being on the team is a safe environment-: safe to make mistakes, safe to try new skills without fear of ridicule, safe to ask questions, safe to challenge coaches and, especially, safe to be the person you are.

I pledge to support and uphold the honor of the game of softball, respect the rules, respect opponents, respect officials, respect teammates and, above all, respect myself. I understand that my teammates depend on me and we can only get better if we are all focused and mindfully attend every scheduled practice. I understand that it is up to me to know the schedule. I understand that my coaches expect me to ask questions if it is not clear what is going on or what is expected of me. I understand that travel out of town should be considered as a business trip - we are representing the school, the town and our families. I understand that it is my duty to uphold and model the team culture whether on the field or in the community. Conflicts will happen but we will approach those openly and honestly – recognizing them as a chance for growth.

I give my word that I have read or will soon read the Team Manual and 2024 Addendum _____ (initials)

I will choose a personal and private word to center and motivate me through the season. Please write it down and put in a sealed envelope and give to Coach. You will later tell us how you used that word through the season ____ (initials)

For Parents:

We understand that high school sports are an extension of the learning that occurs in the classroom. As influential mentors, we are all expected to model classroom behavior at all times, whether we are dealing with players, officials, coaches, other opponents or their supporters. We pledge to positively support our daughter as well as all her teammates.

As Coaches:

We promise to treat everyone as an individual, treat everyone with respect and be open to questions and comments from players and parents. (We do request that any parental concerns that address your daughter individually be held for 24 hours before discussing-unless it is safety related). We will hold ourselves to the standards espoused on our website and by the Positive Coach Organization. (positivecoach.org)

Please acquaint yourselves with the information that is available on the website (marinersoftball.net) especially the Parent and Team Pages. Please let us know any ways you see that the team can be enriched and that we can better communicate with you. Thank you.
